

Preferred Health Insurance Solutions

Insurance Referral Program

*Pays you more to do less.*

I made \$450 last month without lifting a finger!!!

Work **Less**, Earn **More** Referral Program

No Health license? No interest in writing Health business?  
We are licensed and will write your Health business!!

If you get an individual health request that you can't or don't wish to handle, all you need to do is **refer the business to Preferred Health Insurance Solutions!**

Preferred Health Insurance Solutions (PHISonline.com) is a national enrollment firm that works with individuals and their families to place them with the best health insurance plan that will meet their individual health and financial situation. Whether that is an Affordable Care Act Marketplace plan or an alternative health plan, we offer plans both on and off the federal marketplace and in the traditional health marketplaces. For the federal or state marketplace, we work with the consumer to determine their subsidy eligibility, review benefits, discuss plan options and enroll them for their health plan. We provide opportunities for producers to have access to our carriers on a national level through our referral program via our contracts with carriers across the country.

Our Call Center is staffed with multi-lingual, licensed health insurance agents that specialize in Major Medical health products, as well as a variety of other ancillary health products, such as Short Term Medical, Dental Plus Vision and Hearing, Accident Hospital Indemnity, Accident Medical Expense Plan, Cancer, Critical Illness, Fixed Indemnity, Disability Income, to name a few.

In partnership with First Stop Health, **we are also pleased to offer a unique Telemedicine program** for individuals and their family members. **Click [HERE](#) to watch a video to learn more.**

Sign up **[HERE](#)** for the Agent Referral Program and start earning!
